## **Combined JOTI/JOTA 1<sup>st</sup> Eltham “Gellibrand” & 1<sup>st</sup> Chelsea Heights Cubs**

At JOTI we spend the majority of the time with activities associated with computers and communication, however we do include a “treasure hunt” hike on the Saturday afternoon for approximately 1 – 2 hours (depending on which cub is navigating?). Additionally, unless it is raining, all meals are eaten outside and the majority of the cubs choose to sleep outside in the tents.

Therefore, we need to ensure that the cubs have suitable clothing for the weather during the day as well as for when it gets colder at night.

### **JOTI Kit List**

- Sleeping bag
- Sleeping mat or lilo (both for comfort and to help protect from the cold ground)
- Blanket (most children’s sleeping bags are not sufficiently warm outside without a blanket)
- Pillow
- Warmer pyjamas than they would normally need in the house for the same weather
- Beanie (to drag on when half asleep but getting cold at 5 am)
- Socks
- Change of clothes
- Jumper
- Toiletries
- Suitable shoes for walking (sneakers are fine)
- Book or game for a change of pace when they need it

**NOTE:** No lollies or electronic toys/games please
